

FRANCO-AMERICAN TARIFF RELATIONS

Thus Far Nothing Has Been Done
To Put Them on a Bet-
ter Basis.

A COMMISSION IS OF NO USE.

Reason is That Negotiations Have Re-
sulted in Drafting of a Treaty and
Congress Must Now Act.

Washington, May 28.—Although it is stated that nothing has yet been done toward adjusting the tariff relations between France and America, and while it also has been stated that there appeared to be no occasion for the dispatch of a tariff commission to Paris, as was done in the case of Germany, the satisfactory completion of the arrangements with that country has advanced preparations to be made to consider the case of France. So far as is known, the recent decision that a tariff commission would serve no useful purpose remains unchanged. The reason assigned for that statement was that the negotiations with France had long ago progressed far beyond the commission stage and had indeed, resulted in the drafting of a treaty.

But this treaty can come to nothing without affirmative congressional action, and the French government is believed to be unwilling to await the uncertain course of legislation. Instead they are willing, it is believed, to follow the example set by Germany and endeavor to secure whatever advantages are opened to them under a reciprocity agreement drawn under section 3 of the Dingley act. Of the few commodities named in that section upon which the American government may grant reductions of duty, but one remains available as a basis for negotiations, namely, sparkling wines and champagnes. Upon the other articles reduced duties have already been accorded to France. It is now for the state department to determine what shall be demanded as a quid pro quo for a 25 per cent cut in the champagne duties. It is true that this concession was made to Germany in 1890, but the French champagne imports last year aggregated more than \$5,000,000. Therefore, to secure anything like an equivalent in the concessions that might be asked, America, it is held, should secure a considerable addition to the present limited list of articles of American origin upon which the French government grants the minimum tariff rates.

MOORE PLEADS NOT GUILTY.

Columbus, O., May 28.—William B. Moore, agent of the Western Pile & Lumber company of Denver, was arraigned today in the criminal court on a charge of fleeing the city out of \$5,000, in the fictitious purchase of poles. Moore pleaded not guilty to seven indictments. William Wilcox, the city official with whom he is alleged to have conspired, also pleaded not guilty.

DE RAYLAN'S BODY EXHUMED TO DETERMINE SEX.

Phoenix, Ariz., May 28.—The body of Nicolai de Raylan, whose sex has been the subject of dispute and litigation since last December, was exhumed yesterday afternoon and taken to an undertaking parlor, where the facts of the disinterment were made known upon the arrival late this afternoon of Baron Schlippenbach, the Russian consul at Chicago, accompanied by Samuel J. Schaeffer, attorney for Mrs. Anna de Raylan. The body was in a fine state of preservation and the face was entirely unchanged. When the white casket was opened the body was attired in a woman's white robe. It had been previously announced that the body would be exhumed on Thursday, but this date was anticipated by two days, it is said, to avoid publicity.

After viewing the body all persons interested adjourned until tonight, when a notarial session will be held in the office of O. E. Schupp for the taking of depositions.

Michael Feinberg, representing Public Administrator Reddick of Chicago, was present throughout the proceedings and expressed satisfaction.

At 4:30 o'clock Baron Schlippenbach reached the undertaker's, and after

viewing the body a moment, said:

"This is the body of Nicolai de Raylan, who was for 12 years my secretary."

Atty. Schaeffer, though here, has not yet visited the body, but probably will do so in the course of the evening.

The result of the inquest establishes beyond a doubt the identity of the corpse as the body of De Raylan, and that the person in question was a female.

STABBED BY A NEGRO.

Assailant Was Angered at Comments
On His Race.

Denver, Colo., May 28.—Angered by comments said to have been made against his race, an unknown negro plunged a knife into the breast of Fred Thompson, an employee of the Western Packing company, fatally injuring him, tonight. Thompson came here recently from Washington, D. C. The assault occurred on a crowded Larimer street car and was the outgrowth of a fight that Thompson and a friend named E. R. Combs, also from Washington, had previously with another negro. The two whites had been victorious in this fight and were talking with disparaging remarks concerning negroes. The negro who stabbed Thompson was sitting near and overheard the conversation. Glowering at the two men, he mumbled something beneath his breath, and then suddenly sprang upon Thompson and stabbed him in the region of the heart. The negro rushed from the car and escaped. The two inmates of the car gave chase with threats of lynching, but the negro soon disappeared and all traces of him were lost. Thompson is in a precarious condition in a hospital.

Iching, torturing skin eruptions, disfigure, annoy, drive one wild. Doan's Ointment brings quick relief and lasting cures. Fifty cents at any drug store.

Meet your friends Decoration Day at Saltair.

VERY UNSEASONABLE WEATHER FOR TIME OF YEAR

Washington, May 28.—Remarkably unseasonable weather, with a cold wave extending throughout the country east of the Rocky mountains, thermometers in some sections registering the lowest temperatures for the season in many years, is reported by the weather bureau. Tonight the bureau issued the following special forecast:

"Frost warnings have been issued for the middle Atlantic states and the eastern lower lake region, western Colorado, eastern Wyoming, Utah and northern Arizona, and warnings of freezing temperature for western Wyoming."

Added to this, flood warnings have been issued for the lower Rio Grande river valley and supplementary warnings for the Red river valley in southwestern Arkansas.

Weather bureau officials say that there is no immediate prospect of any summer weather anywhere. Heavy frosts are reported to the bureau from Michigan and other states of the lake regions. The cold wave is particularly severe in the southwest, and is due, according to the weather experts, to the

heavy rains in that part of the country.

Forecaster Harry C. Frankenhof of the weather bureau tonight said:

"The reason for the cold weather we have had during the past two or three months is that high areas of pressure have moved eastward from the northern portion of the country almost continuously, and these have caused cold north winds. That is the only reason I can give for the cold weather areas. What makes these high areas keep up all this season is more than I can tell."

Not since 1882 has the abnormal weather been approached in this part of the country. It is five degrees below the normal temperature for this month. A temperature of 44 degrees was recorded at the weather bureau early today and 39 degrees at 8 o'clock tonight, and the mercury is expected to drop considerably tonight.

PRESBYTERIANS TRYING TO GET CLOSER TO TOILERS.

Denver, Colo., May 28.—The following resolution adopted today by the general assembly of the United Presbyterian church indicates the church will make an effort to get closer to the toiler:

"We desire the confidence of workingmen everywhere, and deeply deplore any suspicion of unfriendliness. We invite frank counsel as to how as a church we may minister to workmen and their cause."

"We urge upon all our ministers a sympathetic study of the problems of labor, and an earnest effort to establish cordial relationship between themselves and the workmen of their respective communities."

One of the most important reports made today was that on the freedmen's missions. It was followed by an address by Rev. J. W. Witherspoon of the colored people of the south and showed the progress of the church.

The resolution to install the office of general treasurer of all funds instead of having a treasurer for each fund was discussed at length but no decision was reached.

The committee on appropriations for the coming year made its report which will be discussed tomorrow. It appropriates \$350,000 for foreign missions.

THOUSANDS PASS BEFORE MRS. MCKINLEY'S BIER.

Canton, O., May 28.—Eight thousand people passed through the McKinley home this afternoon and viewed the body of Mrs. William McKinley. Cantonians paid their tribute in the best way they could, and the city was filled with funeral decorations in the city or any general municipal participation in the ceremonies had been denied them. It had been decided that the body of the late president would be taken to the home would be from 5 to 6 o'clock. At 1:30, however, women and children lined up in front of the house waiting to pass by the casket. The doors were opened at 2:30 and the throngs of 5:30 the people paid silent but sorrowful tribute to the woman they loved. The casket rested in the room and in the same place where the body of President McKinley was placed while in the family home.

The funeral services tomorrow afternoon beginning at 2 o'clock, will be simple and brief. Dr. Buxton, present pastor of the First Methodist Episcopal church, and Dr. Holmes, former pastor, will have charge. Four musical selections will be sung at the service. The same music was used at the funeral of the late President McKinley. "Beautiful Isle of Somewhere," "Lead Kindly Light," "Nearer, My God, to Thee," will be rendered by a quartet.

Mrs. Clark and Mrs. Green will sing a duet, "The Angel," by Rubenstein. The president and party are to arrive here at 12:45, and will proceed to the residence of Justice William R. Day, then to the McKinley residence.

In the funeral cortege to the cemetery the president's carriage will follow the family carriage; next in order will be officials representing the state and city. The ritual services at the vault in Westlawn cemetery will be brief. President Roosevelt will immediately thereafter go to his train and leave for Indianapolis.

Vice President Fairbanks arrived this morning. Governor Harris and other state officers will come on a special train tomorrow.

S. F. POLICE BEING USED TO AID MAYOR SCHMITZ' CASE.

San Francisco, May 28.—Sixteen taxmen were examined today in the trial of Mayor Eugene E. Schmitz on the charge of extortion. The trial, which has been continued for several days, is being held in the court tomorrow. Eight jurors have thus far been secured. An insinuation was made by the prosecution that Sheriff O'Neill was not summoning trial jurors in a proper and impartial manner.

Asst. Prosecuting Atty. Henry said: "The prosecution has discovered that the police force is being used in an attempt to reach prospective jurors and witnesses in the bribery-graft prosecution. Two plain clothes patrolmen,

BE WARNED IN TIME

NERVE FAG MEANS THAT VITAL
FORCES ARE EXHAUSTED.

Dr. Williams' Pink Pills Meets This
Condition by Building up the Blood
and Strengthening the Nerves.

Nervous debility is the forerunner of a nervous breakdown, perhaps the first warning sign of paralysis. The first thing to do in nervous debility is to stop the cause of the trouble, if possible, whether it is irregular living, worry or whatever it may be. Then the nerves must be given special nourishment and the blood enriched. This is the mission of Dr. Williams' Pink Pills and this is why the pills have been used with such great success in nervous troubles that did not yield to ordinary methods of treatment.

Mr. Charles W. Lowell of Shelburne Falls, Mass., says: "I was run-down in health for ten years and for much of that time was unable to do any physical work on account of nervous debility. I kept at my work in the office, although I was not in condition to do so, and several physicians had been unable to give me any relief."

"I couldn't do a good day's work without being all used up. I suffered from a general fatigue all the time and had no strength or ambition and had frequent headaches and dizziness at least once a week. My sleep was broken. My eyes were affected by my nervous condition and I had dizzy spells for half an hour at a time, especially after eating a hearty meal. My appetite was poor and I was troubled with gas on my stomach and constipation."

"Dr. Williams' Pink Pills were recommended to me by a friend and finally I made up my mind to try them. My appetite improved, my sleep became sound and restful and I gained in weight and strength. My nervousness entirely left me. I am glad to recommend Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills contain the elements necessary to make new blood and, as the nerves get their nourishment, they begin to work again. Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

Bob Graham and Archie Hammel, who have been for some time working in the police department, today were out securing the addresses of the 50 ventremen summoned yesterday and returned into court today for the completion of the Schmitz jury.

Chief of Police Dinan approached persons who will be called as witnesses in some of the various trials. He questioned them as to what testimony they intended to give.

Mr. Henry refused to say what, if any, action he proposed taking.

"I shall not talk about it," he said.

Mr. Henry's statement was supplemented by Special Agent Burns, who claimed that Mayor Schmitz "is using the police department to gather evidence in his behalf and for other like improper purposes."

The defense denied the imputation that improper means were being employed.

M'CLELLAN-HEARST CASE.

Albany, N. Y., May 28.—The senate today passed a bill providing for a recount of the ballots cast in the McClellan-Hearst majority election of 1906 in New York City. One Republican voted with seven Democrats against the bill, which is one of the measures urged for passage by Gov. Hughes.

The bill provides that upon petition of either of the majority candidates the supreme court of the district affected must proceed to a summary canvass of the vote.

The recount of the ballots must be made in the presence of the court and the candidates or their counsel. Provision is made for appeal from the final decision to the appellate court.

FATHER JAMES HAYES DEAD.

Rome, May 28.—Father James Hayes of Liverpool died here today after a long illness. He was 70 years of age and the administration of the last sacraments.

Father Hayes was appointed last September as assistant general of the congregation of the Society of Jesus for the Anglo-Saxons.

ALEX. AGASSIZ HONORED.

Vienna, May 28.—Alexander Agassiz, director of the museum of comparative zoology, Cambridge, Mass., and president of the national academy of science, was today elected an honorary member of the Imperial Austrian academy of science.

SALT PALACE READY FOR OPENING.

Many New Features at the "Coney
Island of the West."

Salt Lakeers who visit the Salt Palace tomorrow will find that many improvements have been made and new features installed. The management has spared no labor nor expense in preparing the new resort to meet the amusement needs of a rapidly growing city. The Salt Palace building has been converted into a palm garden, and will contain refreshment tables, and will be equipped with all modern improvements. A ladies' orchestra will furnish music each evening. Manager Halverson states that perfect order will be maintained, and that conductive to ladies and gentlemen will not be tolerated. Another innovation is Hale's "Tours of the World." This feature is sure to become popular, combining as it does entertainment and education. The "tourist" enters an ordinary observation car, the bell rings, the whistle blows and, by a very clever mechanical device, the car appears to move along the railroad track. With the aid of a moving picture machine the effect of "traveling" is made very realistic. Mr. A. D. Jensen, an experienced operator, has been engaged to handle the machine and arrange for a change of route each week, thus giving the public an opportunity of seeing the scenery along many different lines. Among the "routes" are Pike's Peak, Yellowstone park, Columbia river and Swiss and German scenes. Local people who have taken the "trip" declare that the sensation is decidedly real. A captive passenger balloon will be operated, which will carry passengers 1,000 feet into the air. It will be controlled from the ground by means of a cable. All the popular features of last year will be maintained, including "Ye Olde Mill," Scenic Railway, Miniature Railway, Circle Swing, Dance hall and the saucer track. With the best riders in the world competing for prizes, the races this year will doubtless eclipse anything in the history of the famous track. Arrangements have been made to handle the large crowds, and the management feels confident that this will be the banner year for the Salt Palace. Civic organizations and attractions for family parties are expected to entice the throngs to this pleasant resort for rest and recreation.

SEARCHING EXAMINATION to be Made to See if It Has Been Tampered With.

New York, May 28.—Howard Gould, through his counsel, Delaney Nicolai, has joined his wife in the request to United States Dist. Atty. Stimson that a searching investigation be made of the charges that Mrs. Gould's mail was tampered with.

While Howard Gould's answer to his wife's suit for separation has not yet been filed, it is stated that it will contain a general denial of all her allegations. An intimate friend of Mr. Gould said there will be no mention in it of a \$4,000,000 proposition for a settlement.

MRS. GOULD'S MAIL.

Searching Examination to be Made to See if It Has Been Tampered With.

New York, May 28.—Howard Gould, through his counsel, Delaney Nicolai, has joined his wife in the request to United States Dist. Atty. Stimson that a searching investigation be made of the charges that Mrs. Gould's mail was tampered with.

While Howard Gould's answer to his wife's suit for separation has not yet been filed, it is stated that it will contain a general denial of all her allegations. An intimate friend of Mr. Gould said there will be no mention in it of a \$4,000,000 proposition for a settlement.

LOST IN THE WOODS.

Fairfax, Wash., May 28.—Lost in the woods since Saturday night, Bert M. Lindsey, a school teacher, 27 years old, and his little 10-year-old companion Lawrence Mack, are being sought by Deputy Earle Holt in June. Mrs. Lindsey will exhibit at the conference the carrier she recently invented for the removal of disabled soldiers from the battlefield. Her friends hope that the invention will take one of the prizes offered by the American war department.

Admiral Chadwick's wife will exhibit Carrier She Invented.

RED CROSS MEETING.

London, May 28.—Admiral French E. Chadwick of the United States navy and Mrs. Chadwick have just come here to attend the eighth international conference of the Red Cross which will open in Earl's Court in June. Mrs. Chadwick will exhibit at the conference the carrier she recently invented for the removal of disabled soldiers from the battlefield. Her friends hope that the invention will take one of the prizes offered by the American war department.

Admiral Chadwick says that one of the greatest advantages possessed by the invention is that the wounded soldier could be carried in an upright position so that loss of blood would be diminished in many cases. Another point in its favor, he says, is its extreme lightness, for the whole device weighs only six pounds.

NOTICE.

The city council of Provo City gives notice of its intention to construct about fifteen (15) miles of concrete sidewalks. Contractors desiring to submit bids can obtain further information from the City Recorder of Provo City. Bids will be opened June 2 (Monday) at 10 o'clock, must begin not later than June 20th and be complete not later than November 1, 1907.

Dated at Provo City, Utah, May 7, 1907.
(Seal) J. W. E. HARDING,
City Recorder.

SPECIAL STOCKHOLDERS' MEETING.

UNION PACIFIC RAILROAD COMPANY, 10 Broadway, New York, May 2, 1907.—Special meeting of stockholders. To the stockholders of the Union Pacific Railroad Company, Notice is hereby given that a special meeting of the stockholders of the Union Pacific Railroad Company has been called by the board of directors to convene at the office of the company, at Salt Lake City, in the State of Utah, on the 15th day of June, 1907, at 12 o'clock M., for the purpose of considering and acting upon an amendment to the charter of the company, and of authorizing the issue and use of such additional stock and of taking all such other action as the board of directors may deem proper. The books for the transfer of the stock (both preferred and common) will be closed at the office of the company at 4 o'clock P. M. on the 29th day of May, 1907, and will be reopened at 10 o'clock A. M. on the 31st day of May, 1907. By order of the Board of Directors, ALEX. MILLAR, Secretary.

DELINQUENT NOTICE.

VICTOR CONSOLIDATED MINING CO. Principal place of business, Salt Lake City, Utah. Notice.—There are delinquent upon the following described stock, on account of assessment No. 2, of the sum of per share, levied on the 15th day of April, 1907, the following amounts, to-wit: The names of the respective shareholders are as follows:
